“ Oh. Gary.... you've gone and did it this time. :(you left without even saying goodbye.... you were the reason I looked forward to coming into the office everyday. I literally thought of you the other day and messaged you out of the blue, and now I get this news. This is one of the saddest times. You know how much we all cared about your crazy self you were amazing and still are.... I promise you this you may be gone but you will never be forgotten. Love you Gary. Keep your hand over us all until we are in paradise standing next to you again.

“ things at work will never be the same without you gary. its so hard to believe that you will never be there with us anymore. you taught us all so much not only about work but also about life. you always had a smile on your face no matter what. you had the biggest heart and not a single person ever came thru our office that you did not help in some way. i have never met anyone as kind and loving as you were. i thank god everyday that i was lucky enough to know you because you really were a blessing not only to me but to everyone u came in contact with. i want so bad to just see your face again or hear your voice again. you touched my life in so many ways. you were more than my boss. you were my friend. thank you so much for just being you. you will always have a place in my heart. you will never be forgotten. you were definitely one of a kind. heaven truly gained a angel the day they gained you. our lives will never be the same without you. i hate goodbyes so i will say i will see u later. until we meet again in heaven rest in peace gary eubanks.

Love Always,
