“ Kathy was a very caring human. A few years ago I was really struggling to get my Avon business off the ground and had it not been for her I would have quit. She believed in me when I could not believe in myself and helped me tremendously to become a better person. Never failed to encourage me when I needed it most. Although I've since moved on to other things I know I would not be the person I am today had I not met her when I did. Thank you Kathy. You will be greatly missed.  
My heart, thoughts, and prayers are with her family and friends during this difficult time.

“ She was always around making sure her family was first and foremost in her life she took amazing care of her mother and made sure her daughter was always taken care of as well as making sure her granddaughter never went without. She loved her church family a lot and was always the first to volunteer when something was needed that she was able to do

“ Kathy was a very great person and friend! She help me by taking care of my grandsons and my father- in- law! I will truly miss her smile and soft heart. The last time I saw her was a few weeks ago. She had posted on Facebook that she had a snake in her garage and needed someone to come get it out for her. So I called her and told her I would come get it for her. When I got there she was standing there with her special smile. She showed where the snake was and I picked it up, she did not want any part of it. It was a King snake, so I went to the end of the driveway to let it go, when she asked me if I was going to take it to my house. I just laughed and told her no, it was her house guest. She expressed she want no part of it. I will miss her very much. My prayers to all her family, especially Sam!
