“ April was our neighbor and friend for many many years in Kelseyville Ca (lake county). We became really close over the years until she moved to Arkansas. I would run to her when we had an earthquake with all my kids as well as any other scary thing that would happen. My husband worked an hour and a half away and April ,as we called her ,would be there whenever needed. I was lucky to be able to catch up with her a few years ago because of Facebook and we had a long memories phone conversation. She was a special person and I sure she continues to be special in the after life. I am so sorry Mandy and Jesse, I lost my mom a few months ago too so I know exactly what you are going through. RIP April I will see you soon. Love your friend and old neighbor Vicki
