“ My Mother gave me and showed me what unconditional love really was. She loved me no matter what. She was my life and it took me too long to realize it. I will miss her laugh the most, she had a great sense of humor, a little dry, but she would keep people laughing. I will miss her more than I can even imagine possible right now.

“ Meshiel was so sweet to send me messages when my husband was so ill and we were trying to move to one house and sell the other. She offered to come sit with Doug or help us pack and move. She shared her story of how her David died years ago because her situation was very similar to ours. I'm so sorry for your loss and will pray for comfort and peace for her family and friends.
