“ My wife and I were saddened to see the passing of June. She and Maylon worked for me for many years and they were such a treat. I never had to worry about their work. They were reliable and dependable and I always enjoyed visiting with them. Both would welcome us into their home and we would talk about current issues not related to work. I enjoyed them talking about their past and you could tell they proud of their kids by how they talked about them. Maylon always had a grin and sparkle in his eye and June was always such a gracious lady. She was a hard worker and conscientious about her work. She took pride in all she did. My wife and I were just talking about how they must have been a striking couple when they were younger. It was a treat to know them.
I know she is now at peace and I will pray for comfort to her family.
