“ Terry Walker believed in me at a time in my life that I really needed someone to believe in me! Terry gave me my first job on the starting gate in 1995 at Birmingham race course, I would then work for him for the following 16 years or so (not sure) Terry taught me everything I know about the starting gate, He was a Huge part of my life and me and my family have a lot to be thankful to him for ! I loved working for him and with him, to say that Terry was a great hand as most of you know would be a huge understatement! He was a master at schooling horses, yes he was great at schooling a bad one , but I think he took a lot of pride making sure baby's were prepared to race! I don't know the year, and I wish I had the picture and I hope someone does and will share it , but he had a picture of us at Hoosier Park , a head on shot of a gate full of 1st time starters all standing looking down the track and no one in the gate! He was really proud of that! I will be forever Grateful to him ! He was a friend, a mentor, and a believer in people RIP my friend, with Love Buddy Rickly and family
