“ *The Godfrey family extends its most sincere condolences to the survivors of mother "Abbie". As I gaze at her picture, I note the resemblances of many of our family members who have gone ahead. She was always inspirational, and encouraging to all. She was a loving mother, and will occupy a special place in the hearts of all that knew her.*

Sincerely, Jim & Dianne Godfrey

“ *My prayers go out to all of the family. We have lost a true jewel. Unique in her life and living it on her own terms, with God first and family. Great Aunt Abbie was a pioneer that kept going forward, I pray that those who got to know her will keep the same mindset. May she rest in Peace.*

“ Long, long ago (or so it seems) my brother and I, when being disciplined would often say our mother was mean, her reply (even when we were only thinking it (don,t know how she knew we were)), was something like this "you may say I'am mean - but I mean just what I say". I know that most (if not all) of her grand children heard have heard that sentiment from her - given with all the love anyone could possibly imagine.
