“ Angela was always so happy and bubbly and I'm so sorry I didn't get to see her over the years. I remember babysitting for her and Allison when she was 5 and I thought they were just the prettiest little girls in the world! I loved being called aunt. My deepest sympathy and love to Anna Margaret and Allison and Rebekah.

Love,
Charlotte Ann

“ Angy and I became steadfast friends when she babysat Lacey starting at age 2. When she married Michael and left we stayed in touch but not as often as we should have. When she came back to Hot Springs our friendship reconnected. She came and stayed with me for about 6 months or longer and during that time she saw me cry, laugh and get so frustrated but we also laughed about life and the cards it had dealt each of us. She had lost Michael her son to a tragic accident and I had lost my second brother to cancer in 2011. We had bonded. When I needed a shoulder she was there and she always had a smile no matter what. Her health had started to deteriorate and she had gone to live with her mother. I haven't seen her in a year but we talked alot. I will miss her terribly and still trying to process that she isn't here anymore. RIP Angy. I know you and my brothers along with Michael and your clan are watching over all of us!!

“ *My sweet niece, I remember the day she was born when we brought her home from hospital, so little and fragile. I was so mesmerized by her size. Then watching her grow up. She would go everywhere with me when she was 3. She was my shadow. watching her dance (?) with daddy. She was so excited. She was very special to me. I will miss her deeply. Love you angy, see you on the flip side.*
