“ *Butch Kio,was a no nonsense kind of man,and a damn fine American. He was rough around the edges most days but that just how he was. He was a true embodiment of Marine Corps and held fast to the traditions of old. He was my friend, and we were brothers. You will be missed, Rest easy Marine. Semper Fi.*

Butch kio was my father, a good father he to me he tried. Although we butted heads as I grew older, I still loved him. Many times I wonder if he knew how much I loved him through the fights and arguments we had. He taught me everything I know today, and made me the man I am today. Many people tell me all the time tht my dad must be proud to have a son like me. I hope he was. I love him and miss him dearly. I took him for granted, never crossing my mind tht one day he wouldn't be around for me to be able to pick up the phone and call him. I lay awake almost every night thinking abt gom and all the things we used to do together. I love you dad and I miss you.
