“ *This breaks my heart. I worked with Been for 20 years. She was like a mother to all the guys. Always smiling, but would get on to us if we messed up. You will be missed my dear friend. Rest in love.*

“ *To Mike, Blaise, and Lisa,  
So sorry for the loss of your sister Bernadette. I really did not know her well, but she was a classmate of Mike's (Class of 1969). And, you three were former students when I taught at Mountain Home High School. We did visit with Bernadette at the most recent class reunion. Please accept our condolences. Extending sympathy to all the family during this difficult time.  
Sincerely,
