“ First I want to say that my prayers and thoughts are to the immediate family; Gene, Norma and Austin. I also want to extend sympathy to Angie and her family. I say good bye to not only my Aunt, but to my friend, my confidant, my mentor, my second mother. What can I say about this wonderful woman? She was a strong, compassionate, intelligent, and selfless person. She had a very strong faith in the Lord, but she was not judgmental. I will miss talking to her and getting a vocal response. To Aunt Betty, I say, “Hug Uncle Waycie, Uncle Jimmy, My Mom and Dad, and all others that have gone before. I will never forget you. I love you. I will cherish all the wonderful memories of our times together and all the times you were there to talk to me. Thank you for being in my life. PS: Mike says to say Hi. You were a great lady, you are missed. “

“ Our Aunt Betty, What a beautiful lady. Never had a bad word to say about anyone. I remember going to Hot Springs to visit her many times. Picking blackberries, drinking for the fountains in the park, going to the wax museum, Her coming to Ky and going to the Breaks of the Mountain, So many great memories, our quiet talks together, Her always calling us, not by name but by "My Love". I will always miss her loving smile, She will never leave my heart. I called her about 3 months ago and held the phone to Mama Dorothy's ear so they could talk, Aunt Betty told me, that was the first time they had been able to talk in a year. Oh the reunion they must be having today. I love you Aunt Betty, Hug my grandma for me ... Until we meet again. Your Great Niece, Lynda :(

“ The family is in our thoughts and prayers. Betty and I worked together at Craighead Laundry for a long time. The one thing that I remember the most about Betty was her love of books. She never went anywhere without a book. God Bless the Family.
