“ Uncle Ralph was always larger than life. He’s always been around us and will be missed everyday. He would tap us so hard on our heads our teeth would click! lol There was nothing as warm as his greetings...HEY GIRL!! In that big voice that was uniquely his own!! He and I shared August Birthdays. And I always felt a special connect to Uncle Ralph. He was not only special to me...my two oldest Sons had a unique bond with him too. We will miss you so much! Rest in Love Uncle Ralph. Thank you for always being there for us. ❤️❤️

“ My memory of Uncle Ralph was his laughter. He may have been the only one to find it funny but he laughed hard just the same. That was a long time ago but that is what i remember about him. I loved and thought the world of Uncle Ralph. I am so sorry for your loss. He was a beautiful character !
