“ Oh we never know where life will take us,
I know it's just a ride on the wheel.
And we never know when death will shake us
And we wonder how it will feel.
So goodbye my friends, i loved you both
I know i'll never see you again
But the time together through all the years
Will help take away these tears
It's ok now...Goodbye my friends
Because we will meet again..

Love you both Wes

“💔 I'll forever remember riding to school in your truck and you teaching me Dr Dre songs, of course all things family because you were always present, the time you wrestled a deer you had mistaken as dead, another time we had game and fish out hunting for you because we all thought you were lost floating the Lil Missouri, oh there are a lifetime of stories I have and will treasure them all. Above all else you were a caring cousin to me and I'll forever miss you 😭

“ *B.J. was such a wonderful man who treated everyone the same.....as a friend. He had such patience and a gentleness with everyone he worked with at Accent. He had more patience than I expected with me and my slowness. I will always have a special place in my heart for him! The world is less bright with the loss of BJ. Rest easy, BJ! We all love you beyond words! Prayers for his wife and his family!*

BJ and Amanda were those friends that would drop everything to come help you. I'm going to miss BJ's laugh and I'll miss Amanda's smile. Rest in peace my friends.
