“ I hired & worked with Bobi for many year at the hotel. She was a dedicated & great employee. I remember a trip we made to Gentry, Arkansas to a hotel closing. There was three of us traveling. We got there late evening to check in and the motel was closed up for the night. We did get our rooms though. Early morning like 6 am the third person with us was banging at our door. Let's go he said, and we yelled to early, come back. 😞 Well, he did an hour later, so we got up and dressed. We got something to eat, "on the go" and went to the sale. When we arrived, we found out the hotel was a boarding house. It didn't seem funny at the time, but later Bobi & I laughed about the trip.

On the way back home we got lost and found ourselves in Oklahoma. The third person was snoozing in backseat and raised up and yelled in Oklahoma. You made a wrong turn.

Bobi & I looked at each other & laughed. I said, "you think!"

We both remembered & laughed about that trip.

That trip came about, because of a flyer that was sent to the hotel. Well, you guessed it, we never went on one again. We had lots of funny situation over the years with staff and guests.

It was great working with you, Bobi and I will miss you.

Love,

Sheila
