“ I have such fond memories of times spent together as a family! You were always welcomed and loved in this household. I remember driving cross country from California to Michigan when I was thirteen years old with my mother. We stopped off in Little Rock for a few days and were introduced to my cousins Mark & Kelly. Brenda also introduced me to fried okra which I had never had before, but love to this day. This reminds me how important it is to have family time, the most cherished and valued time of my life.
