“ Even though I never really saw you and we were getting closer as father and daughter. I still loved you dearly and still do and always will. My mom (Robynn) would always tell me funny stories of you and would always add that I have your eye color. I am now 12 and I feel like I miss you more everyday. -Morgan Sheets

“ *Friends and family, I am so sorry for your loss. My heart, love, and condolences go out to you all. Brett holds a special place in my heart. He was one of my first friends when I moved to Arkansas at the end of third grade. We were buds for many years, were in the same classes many times, and played sports together in our earlier days. Brett, I hope you know you were loved much and you will be missed dearly. We look forward to seeing you again one day.*

*Love, big hugs, and condolences,

“ *SO many memories of this amazing guy. He was like a brother to me. A few (of many) I can name: Brett sitting behind me in class smacking on his Big Red gum, playing cards, lake times, float trips, horse races. Solid friend would do anything for any of his friends. Brett gave the best hugs with the best smile and sweet laugh. Will truly be missed.*
