“ I am so sad to her about the passing of one of God’s earthly servants. Carmen always ministered to people’s souls. She was a long distance friend to my family and I had the pleasure of speaking to her by phone a few months before she passed and am just now realizing she has been in heaven for these many years. Faith and Devin if you ever read this, please know that I would sure like to give your mom a big hug right now and look forward to seeing her bright light when I go home. Jim Talmon

“ I was shocked to see Carmen's obituary this morning! I met Carmen through my brother, Gary Pros, as they were friends in the past. I've been out of touch with Carmen for the past years. I cherish Carmen for coming to me like an angel when I needed one most, it was when my mom passed away unexpectedly in 2005. Carmen insisted on moving in my parents house for a week to take care of my dad, who had dementia, and was no easy task to deal with. This gave me much needed time to take care of legal affairs and have quiet crying time alone as I dealt with losing my mom. Living with my dad in his condition was extremely difficult, and I praise Carmen for stepping in to take on that task for me. Carmen was there for my brother and I during my mom's memorial service as well. I have visited with Carmen through the years at her house, Gary's house, my house, and my parents house, but her one week visit taking care of my dad put into perspective what a caring angelic compassionate lady she was. I could not have handled it without her help. She came to me when I needed her most, then she was gone on to help someone else who needed her, guess that is what she did best. My brother Gary passed away in 2014, may they rekindle their eternal friendship in Heaven. I feel it an honor to have known Carmen, I'm forever grateful for her help, and my thoughts are with her family.
