

## Clarence Grandt

January 3, 1928 - November 24, 2021

Clarence Grandt of Hot Springs passed away peacefully on November 24, 2021 at the age of 93.

He was born on a farm outside of Chicago, but called Arkansas his "forever home" for 42 years.

Clarence was predeceased by his loving wife, Helen. Survivors include his son, Greg (Marge) Grandt; daughter, Lynn (Craig) Hajduk; grandsons, Christopher (Elisabeth) Hajduk and Kyle Hajduk; and great-grandchildren Andrew and Eleanor Hajduk.

Clarence was an accomplished wild game hunter and avid fisherman. His passion for the outdoors never dimmed. His last years were happily spent with his many friends at Country Club Village.

The family wishes to thank the staff of Village Springs Health and Rehab for their loving care of Clarence in his final days.

There will be a private memorial service.

“ Clarence is one of the most interesting and knowledgeable people I have met. I first came to meet him and Helen while wading in Lake Ouachita, being bitten by something in the water. He told me it was fish (bream). When I told him that my husband and I had just moved to Arkansas from the mountain West, he went on to praise Arkansas fish and lakes and told me to give my husband his phone number so he could take us fishing. That led to many days of enjoying Clarence's love of nature and knowledge of a myriad of subjects including boat repair and native Indians. His kindness and smile will be missed!

*My condolences go out to Greg and Marge. Janet Braley*

“ I consider myself to be quite blessed to have known Clarence for the past 35 odd years. I first became acquainted with Clarence while fishing with him on several occasions. He freely shared some of his vast angling experience which I certainly needed. But as I got to know him better, it became obvious that Clarence was a unique individual. He was a whiz at diagnosing mechanical problems and promptly fixing them. I soon learned that before you throw something away, check with Clarence and he could usually fix it. Clarence was extremely intelligent with a broad based curiosity and knowledge of the world including our area's historical Indian culture. Clarence amassed an impressive Indian artifact collection of museum quality from his discoveries over years. Clarence lived with energy and enthusiasm at all times. He was also sensitive and considerate as evidenced by the care he provided for his wife Helen during her later years. My sympathy to Lynn, Greg, Marge and the rest of his family. But as the acute pain of his recent loss softens, I am certain you will be blessed when recalling many memories left by this special man.
