“ *I am very sorry for the recent loss of your loved one, Clifton James Beck. I have a brief encouraging message I would like to share with you from God's Word, the Bible. The Bible can be a great source of both comfort & hope during this most difficult time in your lives. For example, at Revelation 21:3-5 it assures us that the day is soon coming when our loving Heavenly Father is going to wipe away the tears of sorrow from our eyes forever and that even pain & death will be no more. I hope after reading this it will be of some comfort to each one of you. If later you would like to learn more from the Bible about why we die or why does a loving God allow so much suffering & injustice, please feel free to go to the website: www.jw.org to find some very satisfying answers.*

“ *The most important thing that I will always remember about my cousin is the way he could always seem to make some of my worst moments in life turn into the best with his smile and jokes. I always have looked up to him as a role model. He is amazing and will be deeply missed. To my family I love you all and will be praying for healing during this time. Like cliff always told me I'm a phone call away.*
