“ I guess my favorite memory of David is playing dirty Santa at Christmastime. It was always fun watching him have so much fun. And NOBODY could come up with a more creative \$5.00 gift than David! One time it was a box of a dozen of those cheapo white coffee cups like they use at waffle house. Because it was so heavy all the little kids fought to get it....then cried when they opened it!! :-)
And David laughed!! He was so much fun! And I loved him! You will be missed David!

“ *First of all.... to my entire second family.. I love you all and am praying for all of you. This is so devastating. I have several memories but I will share two... one was the night several of us went tee peeing and when we were done, someone... I think Jeff Hamer, went to ring the doorbell and my brother, Rich Hanson's class ring flew off of his finger and we all had to go back in the dark and try to find it... we did.*

The second time was riding in that old van you guys used to have and I was in the front seat... If I remember correctly david was driving... I was kind of leaning on the door with my arms out of the window.. he turned a corner... a little quickly and sharply and the door flew open and I was hanging on it staring at the street.... Its amazing we all live through childhood and teenagedom!!!! I have so many more... David has always and will always have a very special place in my heart... as do all of the Ingels. I love you all.....

“ I met David while we both worked at Distinctive Kitchens and Baths... We just clicked, got along and loved talking. That grew into a wonderful friendship. He would come over and we would sit on the patio and have a beer or two, talking about anything and everything. I have never had such a wonderful friendship before where we were always up to chat and enjoy a beer. I will miss him forever....he is the only BBF (Best Buddy Forever) that I will ever have.... I love you, my BBF...
