“ Hi I'm did one memory not sure if it posted, so I am going to do another. I so would love to get a hold of a family member of dean's. If this is the same dean weathers that I went to grade school with in blue lake calif. We are having a class reunion and would love to have a picture and brief summary of dean's life. So we can honor him at our class reunion. My heart breaks for your loss. And the loss of our classmates. We had a great 8th grade class and dean was a great big part of it.
