“ Dear Molly and family, I am so sorry you've lost your precious mother. When I think of Dinah, I remember all the time we spent together when we were teaching at St. John's - all the Friday night dinners and girl trips (+Andy). In my memory, I still hear her infectious giggle. I remember her generosity. I remember the caring teacher she was and how she had a special place in her heart for the troubled or unmotivated student. I remember how she loved her four legged children. (I remember that Rags almost bit me the first time I sat in his chair in the kitchen). Dinah left this earth too soon for those who loved her, but God has a journey for each of us. I'll ask God for peace and comfort for you during these lonely days ahead. Always know that she loved you above all else. *We are each of us angels with only one wing, and we can fly only by embracing each other.* Sending hugs to you through Melynda, Charlene

“ Gracious and loving God, receive Dinah as if she is the only one you have ever received, though she is not. As angels, archangels and all the company of heaven rejoice in her coming to you, may her family and friends come to rejoice in her continuing life in you. In death, life is not ended but only changed. Grant Dinah, her family and friends your peace; and though her family and friends grieve let them know that their grief is always in context of hope that is now realized for Dinah. These things we pray in your Holy Name, you whom we have come to know and call Father, Son and Holy Spirit. AMEN.

“ We will miss seeing Dinah with her 4 legged kids. We will remember her with fondness - she was always kind to us and always ready with her laugh. We will miss her. The world is a little less unique without her. Our prayers are with you.
