Life is filled with choices, opportunities and decisions. Sometimes we are proud and sometimes we have regrets. Donnie was very proud of all those "Gower Boys". He loved his family and we love him. In his life he was a Golden Gloves boxer, a musician, a carpenter and an avid hunter. Dad had struggles in his life, we, his family knew well. We also know he loved God and we thank God for His mercy and Grace through our Lord and Savior Jesus Christ. Through Christ we all have hope.

May we leave you with some wisdom from God's Word, Ecclesiastes 12:13-14-" Let us hear the conclusion of the whole matter, Fear God and keep His commandments, For this is man's all, for God will bring every work into judgement. Including every secret thing whether Good or Evil."

Donnie would want you to consider your life, love God, love your family and

live a good life. He also proudly donated his remains to Genesis Legacy foundation for science research so that it would help someone else. Because of this there will be a private memorial service.

“ We sadly read about Donnie this morning. Of course, it spurred a flood of memories of the remodeling projects Donnie did for us. Our house is filled with examples of his workmanship and creativity. I'm not sure he realized his exemplary work ethic. During one project he explained to me that he had an inherent dislike for work. That's why he over-built things so he would only have to do it once.

*We share your sadness and will remember Donnie fondly.*

“ Donnie was such a talented and beautiful soul. The love between him and Linda was priceless. I know he will be missed but he is with his family and most of all he's with Jesus. Love y'all
