“ *Mr Linton has been a freind and client of mine for more than 20 years. He has been very special to me. We talk a lot of about Mrs Lintons illness and how much he cared for her and was taking care of her, He was a man to be admired. And he loved to take about the elections. He was very smart at the elections. He had my love and respect. We spent a good bit of time talking about God in the last few months. The family has my love and respect for you have lost a wonderful man. If I can help in any way let me know.Frances Chambers*
