“ Charlotte and family, just found Eddie's Obit.
Had called Eddie over the years. Found an old address tonight and was going to call again since the last number didn't work. Looked on Google and found this. We go back a lot of years since Haskell And Aunt Clyde. We met up with Eddie again in Denton Texas, and finally realized we had known each other as kids. Ernie , my husband was superintendent and Eddie was a fireman
Have pictures somewhere that we took at a dinner Ernie gave for the guys. Ernie passed into Heaven in 2021. He as well as I thought a lot of Eddie.
Love and hugs
