“ Liz, such a sweet devoted Mother. Long ago Neighbor and Friend in Minden. Though, we have been separated by miles, I have been able to keep in touch with her through her Son, Tony. Most vivid memory was her pushing a baby stroller by my house. I think, Laura was enjoying the rides. Each child had a special place in her heart. I know she will be missed by her children and ones that were proud to call her Friend. Love to All. Special Hug to Tony. Sherry Parker, Logan.

Liz was a very dear friend many years ago. She was filled with love, joy, and laughter that she shared with everyone. I will always remember a dress she make for me, (very beautiful). We shared a lot of good times until we moved and lost contact until years later..R.I.P. Dear friend.

*Today is the memorial for my younger sister. I remember her as the curly headed little girl who never talked much, she had those big brown eyes always watching . She was shy and quiet as a little child. We stayed in Michigan with our families and she moved South and always said she would always live down there, she loved it. For the last ten years she has not been feeling well and as the years went by all I could do was pray for her. It broke my heart. I missed our long phone calls where we talked for a hour easily. Tony and Connie have been our connection and I felt so thankful that they have been there for her. She has missed so much with her kids and her grandchildren and the fun and heartaches that go along with them. I have thought of her so often during games and school plays and graduations and wished it was different for her. Now she will be happy and smiling again. She is in the safe arms of heaven and she will not hurt again. She will have peace and love forever. Martha*
