“ I still look up when someone passes by, expecting to see Gary's smile and a wave, or see the truck pulling into the driveway as he stops in with Virginia to say hello and tell a funny story or two. My condolences to Virginia and his entire family, I know how hard it is to lose someone like Gary but he left everyone with so many happy stories and memories to treasure. My heart is with you all.

*“ Love you, cuz. I'm sure going to miss seeing you around and having those long conversations when we just happened on seeing each other. You always thought you'd die young, and you did. I know it wasn't what you really wanted though. Your family is going to miss you dearly. David always enjoyed visiting with you too. Maybe you never knew how much people really cared about you. You were a good nephew to dad and a good son to your father. Thank you for being you. RIP AND LOVE YOU ALWAYS.
