“ *The service this evening was a wonderful celebration of a life well-lived! Gary will be greatly missed by all who loved him and his impetuous sense of humor. I feel honored to have gotten to know him even just a little. Our loss is Heaven's gain!*

“ I have known Gary since childhood. Oh, how he loved to tease the 'little girls' which we were, and little pests to him as well. To grow up having the same career was a little ironic. We enjoyed talking business and joking around. The fun loving guy will be missed. To the family, please, accept our deepest condolences. Judy (Fugle) MacDonald

“ It was with great human sadness when I got the word that Gary had transcended out of this realm... but with spiritual joy to think of my friend settling in to his heavenly home. He was a good Christian man, a good family man, a good father & grandfather, a good business man, and a good civic minded/civic active man. He enjoyed a good laugh and could make you do the same. Gary was the kind of honest man who would say, "It's raining." and you would automatically grab your umbrella without ever looking outside first. Gary was not only a friend but a mentor. I, along with his family and friends, will miss him greatly. Yet I smile when I think about how I kidded him after discovering, while gathering bio info for one of the press releases I did for him years ago, the city of his birth. I would say, "Gary, when that day arrives won't it be somethin' for Saint Peter to welcome someone into heaven who is from Devil's Lake!"

“ Gary's work with the Listening Labs was monumental and of great importance to the Church he loved and to the Sojourners. He will be greatly missed.
