“ Was a close childhood friend of mine. Practically lived at his house most summer days. Won many Beechwood Park baseball games and learned to swim with him at the pool there. Sorry to hear of his passing. Appears he went on to bigger and better things during his lifetime. RIP

“ Greg was a brilliant man and my mentor. He was both wise, patient, vastly experienced, and highly educated.

*During my time as I knew Greg, he always spoke of his beloved Inge. He loved her so very much. He was always berating me for my eschew of marriage as he had finally found his soulmate.*

*Without Greg's leadership and guidance, I wouldn't be half the man I am now nor the professional I am now. Nor would we be the company we are now.*

*God took him too soon if I may be so bold - but I'm sure he would have laughed it off. Greg never held a grudge and he never thought he was the "end all be all."*

“ I had the privilege and pleasure of working with Greg for the past 12 years. During that time we became friends, fellow supporters of the Arkansas Razorbacks and had the opportunity to share the ups and downs of a normal life with each other. Greg was truly unique in so many ways, always easy-going but never afraid to let you know what was on his mind. I am thankful I had the opportunity to know and work with Greg. Wish we had had more time together.

Steve
