“ Suzanne, my happiest memories of childhood were spent in Hot Springs visiting Gussie Mae along with my grandmother, great aunt, parents, and sister. I was never happier when I knew we were going to see Gussie. She was always smiling and happy. I loved her very much and will miss her so. I regret I was unable to pay my last respects to her but I know in my heart that she knows I was there in spirit. She will be missed. I count myself very lucky to have had you and your mother in my llife.

“ *I have so many fond memories of Gussie Mae. She was a wonderful friend of my mother's. I remember all the times we were together when I was growing up and I have been thinking of those this week and wishing I had one of her Congo Bars. I am so grateful that I was able to take my grandchildren to meet her. They had such a good time and said she told them to call her "Gan Gan" and that was very special to them and to me. She was wonderful to me in so many ways and I will miss her*

“ *Gussie Mae was cousin to my grandmother, Alimae Jones Garner, but growing up I knew her simply as that wonderful, welcoming lady in Hot Springs. She always included my sister and me in her extended family, sending us gifts and cards until we were adults. When I was a little girl she sent me an embroidery book that started my lifelong love of the handcraft. My daughter, Calleigh Mae, is carrying on the "Mae" name as a tribute to Alimae and Gussie Mae. What a gracious, lovely lady!*

“ Gussie Mae was more like an aunt rather than a cousin. I would go up every summer for many years and spend a week with her, George and Sue. We visited in her home several times these past few years and she was always cheerful. I tried to call her and stay in touch and she was always so happy to hear from me. I had planned to attend the funeral, but due to bad weather forecast will be unable to attend. I will remember her as the lady she was. She was my Mother, Alimae Jones Garner, first cousin. Mother and Daddy spent many Christmas holidays with her.

“ She was a great lady. My brother in law took her little gifts ( home grown tomatoes, small flower bouquets) until he was too sick to get out. She sent him a card with a beautiful note before he died. He really thought the world of her. They had a unique and genuine friendship. My prayers and condolences to your family.

“ Ray and I will always be grateful for the way Gan Gan made our daughter and grandson feel such a part of her family from the first time she met them and how she welcomed Ray and I into her family as well. She was a very sweet and gracious lady. I know she is loved and missed by her family and friends but because of her kind nature, everyone has beautiful memories of her.

“ The very first time Ray and I met Gan Gan she made us feel such a part of her family. We were so thankful how she welcomed our daughter and grandson into her family several years ago. She was a sweet and gracious lady. I know she was loved by her family and friends and will be missed but because of her kind nature, there are many great memories of her which will live on in the hearts of many people.
