“ *My prayers and thoughts are with the family during this time of sorrow. Mr. Davis was an excellent employee of the Hot Springs School District. It took a unique and special kind of person to work with students who had an alternative way of learning. Mr. Davis was that person who had empathy and compassion for students, yet his expectation did not wane. The students were held to the same standards as the regular students. There was a void at the Alternative School when he retired. With much Sympathy and Condolences, Joyce Littleton Craft.*

“ *Butch helped me so much when I started at the Alternative School. He was always handy with putting shelves into old cabinets or mounting wipe-off boards on the classroom walls. When over hearing conversation, I'd hear him say, "W-e-l-l-I ya see it has to be done this way..." or "Let me think about that". Sometimes his advise came with a crooked grin or him looking over his glasses. That dry sense of humor of his came with a sarcastic grin a big knee slapping laugh. Sometimes I wouldn't know if he was kidding with me or being serious. Mostly he just looked at situations in an understanding way. He never made me feel bad about myself. He was always constructing a better way without his hammer. He is missed.*

“ Butch was a favorite of mine while shopping for another DIY project at Lowe's. He was always very friendly, knowledgeable, and helpful. He would talk me through how best to do a project and then he would walk with me and show me what I needed. If only all employees would model after Butch. He will be missed for sure. Rejoice knowing he knew his Lord and Savior Jesus Christ.

“ Butch was such a friendly guy in high school. I never heard anyone say anything negative about him. I'd bet serious money that the rest of his life was lived that way, as well.
