“ I'm so grateful I had the opportunity to meet you. It seems like just weeks ago we were skipping down the nursing home hall to visit in your room. I've heard so many great stories about you from your family that loves you dearly, especially about your cooking. There's no doubt you touched ALOT of lives. Heaven must be sweeter with you there. You have left your own legacy here with those that love you!

“ Our family has suffered a great loss, but granny is now home. The world was a better place for having her in it. She had a heart of gold and would do anything and everything for any one of us. A huge part of who I am came from granny. I'm very thankful that I had the opportunity to grow up next door and learn values from her and grandpa. I'll see you in the next life granny. I love you
