“ *I'm so heartbroken
I'm supposed to go before you
God has always had a plan for you. You were the perfect daughter
and the apple of ur dad's eyes. You mother was so happy because
she had a daughter. We always knew that we were a call or text
away. You have always been there for me and we could talk about
everything and nothing was ever candy coated.
You were a very proud mama of your boys and a remarkable
grandmother(big momma)..
Your now with your mom and dad and brother...
Rest in peace and you will always have a place in my heart.
I love you Holly...*
