“ I have so many memories of being in his class at ACTI he was a very good instructor one of my best memories was my first day in his class was being out of school for so many years and not remembering things like decimal points and fractions being to embarrassed to ask for help he told me there was no such thing as a stupid question and from then on it felt like a weight was lifted off my shoulders on behalf of myself and several others RIP Mr Bryant and may God bless his family and friends he left behind.

“ When I came to ACTI August of 2016, Jacob befriended and took me under his wings. Whenever I needed help without hesitation he was there. I am going to miss all the conversations we had really about nothing, but I always left feeling better and more knowledgeable. He knew something about everything(LOL). I going to miss my friend, but it makes me happy to know that he is with God, his beautiful daughter and all of his other love ones. "All is well".

“ I had the honor to work with Jacob for over 12 years as his supervisor. And when I say it was an honor, it truly was. Jacob was one of the first teachers I met as part of my staff when I served as Director of Vocational Training, and I knew from Day #1, that he was going to be terrific to work with. Jacob was one of those unusual people whose work ethic was just as strong as his love for people. I could always count on Jacob to not only get the job done, but I could also count on him to give 150% on every task he was willing to take on. Jacob also loved to help in any way that he could, whether it was taking on the challenge of being a Jag Specialist and travelling with students to Washington DC, OR whether he was preparing our Skills USA students to compete in Kansas City MO and Louisville, KY. Jacob was also a vital part of my Vision Team and Graduation Team, working with our Graduates on dressing professionally, and even going so far as helping them learn how to properly put on their tie. He also worked tirelessly on putting together the PPT slides I wanted displayed on our big screens in the convention center, so that the families of our graduates could see all that their sons/daughters had accomplished while they were at ACTI. I could go on and on about his professionalism and the impact that he made on our department, and on our campus, but I would rather end with this...what made Jacob such a special teacher, co-worker, employee, and friend, was his heart. He loved what he got to do for ACTI, but he loved his co-workers and colleagues in a way that always made us feel like we were part of his family. He was always willing to celebrate our special moments, and he was also there to be there, when we needed help getting through the tough time. That is just the kind of person he was. Jacob will truly be missed, and not just by those of us that were lucky enough to know him. The students who are not going to have a chance to be enrolled in his class in the future, are going to truly miss out on working with a very special teacher...

You will be greatly missed Jacob!

“ *Mr. Bryant was a role model for me. I was his skills secretary at ACTI. He always pushed me to be my best. I won state and I went to nationals, because of his motivation he bestowed upon me was why I made it as far as I did. I wanted to give up. This man was the best person I knew. I appreciate you so much ❤️ fly high with the angels in the sky Mr. B*

“ My deepest sympathy to the family. I enjoyed our conversations at
the lunch table. We agreed on most everything. He was a great guy
and very intelligent. RIP Jacob.
