“ Jason will always be remembered! We used to play ball and run all over the "old" boys club. You'd think we lived there. He was one of my first friends and will forever live with me.

“ I never had a dull moment when around Jason even dated him a few months in high school. He was a really sweet guy and always had a smile to share with everyone no matter how he was feeling. We worked together and competed maybe too often but it was just fun for us. I know he has been and will be missed. To his family I'm truly sorry for your loss. RIH Jason!!!

“ I'm sad to hear about Jason, he was a good person. He worked for me at Taco Bell for several years. He started in high school and was so proud of his championship ring in basketball. When I promoted him to a member of my management team, he was always ready to work. His grandparents did a fine job of keeping up with him and I know he loved them tremendously. It was just a few months ago that I spoke to him and gave him advice.

*I pray for the family and friends who are missing his smile and compassion. Sorry for your loss and proud to have known him.*
