“Jimmie undertook several model making classes at the Garland County Library. He was in his element except for the kids wanting to paint their planes bizarre colors. But, he took that in stride and with good humor. My son loved those classes. He is now in his second year of college. He was saddened to hear of Jimmie's passing. He was discussing it with his friends only to find out, get this, the four guys he was talking to had been in the same classes. All remembered "Mr. Lockett" with fondness. I guess their reactions prove that you never know who you touch in this life. And, Mr. Lockett touched many lives through his graciousness, good humor, and gentle ways. Those boys remember his patience and kindness. Lord knows I couldn't have pulled it off like Jimmie did. What a guy! He will be missed. But, his family and friends can take great pleasure in knowing the positive influence he had on many lives. Jimmie's good spirit lives on in the hearts of these young men!
