“ *Godspeed dear cousin. I know Gram was glowing when she saw you coming, just as she always did. Her pride and joy, in the House!! Hug her tight for me. Enjoy the feast at the Table with the family's and rest in peace (if they'll let you). Luckily you won't need to ask for directions, but you might be able to stir up a little something for a good laugh. Sincere sympathy, with love to Maureen, the children, all of the family, and the friends who hold Johnny dear.*
