“ *My dear Southern "sister" added so much to our lives in Massachusetts. My heart goes out to all who were near and dear to her. She was more than a dear friend as our families bonded, and we both struggled to raise our young children. She was loving and hard working and fun. Our ties remained strong through the years and I miss her deeply already. My sympathy, especially to Jenna, Brenda and Tina. I'm holding wonderful memories. Thank you Judy for your love.*
