“ *My Mom loved gardens, sewing, puzzles, cooking and most of all she loved her children. She is at peace and in heaven. I remember when I was about 9 years old she was working in the garden- it was the first year we lived in Arkansas and she was wearing those big bell bottom jeans--She started screaming and jumping around -we all thought she had found a snake but no,,,, she had a huge toad jump up her pant leg and she thought it was a snake....once we all calmed down we all laughed for hours. Dad had to hold the toad with both hands it was so big. She would want us all to remember the good times.*
