“ Kevin was always making me laugh, even when I was so mad I'd want to throw something at him. I have so many good memories of him, but my favorite one is the following. One Christmas I told him that I didn't want any jewelry that all I wanted was kitchen appliances like a toaster, mixer, etc. Well we went into Dollar General store and there was a package with all of those things for a little girl. He picked it up and said look it's everything you asked for. I busted out laughing and said don't even try it lol 😂. We got up to the cashier to pay for the things we had gotten they thought we were newlyweds. We laughed and said actually we're celebrating our 12th year anniversary on New Year's Eve. They were in their 20's and said wow we want a love like that ☐. I'll always remember that one and all the other memories we had together!!
