

## Lawrence Elliott Klein

May 13, 1944 - December 21, 2020

Lawrence Elliot Klein, “Larry”, (76), of Hot Springs died December 21st, 2020. He leaves behind family members: Charles and Melissa Watson of Hot Springs, Hayley Evans of Siloam Springs, Lauren Watson of Owensville, and a host of friends from around the world. Larry was infuriatingly late to every event he was promised to attend, but his tardiness almost always inspired the best experiences of the evening. He was well traveled and well cultured and always left his company with the gift of new knowledge. Larry could see the potential and magic within every single person he met regardless of difference in class, status, or race. If a friend needed help, Larry would dedicate himself wholly to their case and would become an expert on their behalf. He was without a doubt the most spectacular person anyone could hope to be and loved his family furiously. He will be deeply missed and forever remembered as his most authentic self.
