“ *I wish heaven had a way for this to reach you. Every day I meet someone whose life you touched. It doesn't matter how small or how big. You made a difference and that's all that matters. You were one of a kind. Now that I am without both you and mom I hope that I can pass on your teachings to everyone else. I hope that I can be the light in the dark for others... I love you daddy and Miss you... I hope you are at peace now. Its such a shame that some people didn't have the chance to know you like we did. You were just human like the rest of us. With human faults. But that's what made you, you. Our wayward son of radio... Our dad you taught us to think for ourselves. We love you and miss you. We will never forget you... NEVER... I know you made it. it was a struggle to get there. BUT you made it. you are healed... God bless you daddy...*

“ *I had the pleasure of working with Lee at KZNG radio for several years as our News Guy and talk show host. We've lost a true soul who had such a passion for radio and the desire to help others through the information he passed on to us all. And as I visited with Lee these past few weeks somehow the topic always came around to local government or politics ... that's just Lee for you. To all of Lee's family and friends, my heartfelt condolences and may great memories help to ease the pain of your lose. Lay your weary head to rest ... don't you cry no more. Rest In Peace my friend!*

“ Shannon, my prayers for you and the family. You are to be commended on the love and caring you showed to your Dad. You did everything in your power to aid and comfort him, what love you gave ..a rare thing in our time. ...I loved his radio program, never missed it, and learned so much from him.and his guests.. He was an asset to our community... God says we are to honor our parents, he will surely bless you for your faithfulness.

“ When I met Lee I was working at KZNG/US-97 in 96-97. A more interesting and well read man you'd be hard pressed to find. He had so many interesting guests on his shows; I too became one of those guests a few years into our relationship. He was THE "Wayward Son" which is that song by Kansas that is now so famous. I will always remember him as the man who opened my eyes to things of which I'd not ever been aware. He'd ask me questions that would make me rethink conventionality . I'll always be grateful for that.My prayers are for all the family members. God bless you.

“ Lee and I worked together from 1995-1998 at US-97/KZNG. He was my news guy. Great fellow. Had some fun times on the air. I will miss him — I enjoyed his sense of humor. "Alright Yeah", his line he would say alot to me — will forever be in my memories of him. Rest In Peace, my friend.
