“ Hello

*So sorry to hear that Lynn is gone.*

*This is Charles Westphall we used to visit all the time and as time went by saw each other less and less.*

*I still remember catching Fire Fly's in her parents yard.*

*Playing chase thru the self closing gates.*

*And the cold well water.*

*We use to run into each other when we visited hot springs, we seemed to visit the same craft stores, flea markets, and hobby stores.*

*She would always ask how everyone was doing, we would try and catch up on everyone's family and events, past n present, who had new children, where everyone lived, trying to compress our life stories into a few minutes.*

*Day to day life seems to get in the way of visiting like my parents and family use too.*

*Causing us to speed right thru life.*

*I regret that we didn't get to visit more.*

*I have great memories of Lynn and her family.*

*Thanks for being a part of my life*

*Charlie*
