“ Marie was our adoption worker for my husband and I. She helped us find two wonderful babies who are grown now and have families of their own. She also was in League of Women Voters with me. She was a forward thinking woman and was always interesting. She blessed our lives.

“ Our condolences to the Jackson family—we knew Marie (from 1987)through GCRW and several other clubs—even at QuaPaw , still had the old 'spark'...vivacious and funny. She had many stories to tell about her early life in Chicago.Blessed be her memory.
