“ Big Mama was very informative and loved to talk alot for those who knew her. She was always teaching others. She was able to retain alot information. She use to take my brothers and I on trips when we younger like to Branson, MO or time shares. She drove slow literally,lol. She loved keeping up with current events and going to eat. My mom & I took her out to eat and as you can see I was caught off guard, but Big Mama was just smiling away. She enjoyed spending time with family. We were very close and talked a few times weekly. Once she figured out social media, she was a pro at posting things. I will cherish our memories. She wouldn't want us to be sad. She would want us to keep moving forward. She is with us in spirit💜 Please keep our family in your prayers.
