“ My heart goes out to the family! Mitch was loved by everyone who came across his path! I have never met anyone more willing to help others than he was. He was an amazing mentor, friend and co worker, and I hope you all know you were the light of his life!! He could always find a bright side to any situation, and I don't think I will ever be able to see cotton candy and not think of his infectious smile! He was the kind of person that you loved the moment you met him, and if you were fortunate enough for him to consider you a friend, you knew you had someone you could always count on. He is the type of person that I strive to be every day, and I am so glad to have shared a friendship with him! My thoughts and prayers are with you all from our family to yours! “ Mitch was the kind of family and friend that could go for months without seeing or talking to you, and immediately pick up, right where we left off last time, when we did make contact. I loved him like a son and he will always have a special place in my heart.

Christine and family, I am so sorry for your loss and my heart hurts for you. Mitch is no longer in this world, but never lose faith that he is just a blink of the eye away, waiting for you all.

I love all of you! Hazel Gibson
