“ Molly was so special to me! I loved her smile and her kind words of encouragement in my life. John and I moved around a lot for a little bit there, and God blessed me when I would walk in a new church and there was Gerry and Molly! I think it happened three times. She loved going to the Assisted Living home with us on Sundays. Every time I hear the song, "When the Storm Passes By" I think of Molly. It was a beautiful song for a beautiful lady!! I will miss you, Molly.
