“ Pam and I were in Elementary school together when I lived in Illinois. Later I'm life she married my cousin Mark and we reunited when our kids were little and they moved to Arkansas. I remember many fun get together and we all took taekwondo together and traveled together to tournaments. I remember her zest for life and her big smile. I remember lots of laughter and that she loved her family deeply. I know your kicking it up in heaven now with Mark. See you again!
