“ I will miss my gentle friend, Pam. We became friends in Colorado as campground hosts. Pam, Ken, my husband, Kent and I spent one summer outside Telluride and shared responsibilities. We made some wonderful memories and I treasured my friendship with Pam. Last year Kent and I stopped in Hot Springs to visit Pam and Ken for a couple of days. Pam and I were talking about our health issues and but we got to make some more memories sightseeing. The moment when I found the butterfly and tried to get a picture without wanting to hurt it in anyway, Pam gently picked it up in her hand and held it for me to take a picture. We talked about life and how fleeting it is. She loved her family and Kenneth. That was what gave her the strength to live. May the Bible promises of a resurrection, no more death or pain, and living with the animals, birds, and paradise conditions give the family the faith and strength to know they will see her again. Prayers of comfort for the family as they remember and cherish their memories of Pam. With love and friendship, Kent Swanson and Ruth Robinson-Swanson 08-07-2025
