Very sad to hear of Phil's passing. He was one of the sweetest, most thoughtful men I have ever known. I met him and his brother in high school. Our paths crossed many times over the years. He will certainly be missed!

“ *He always took me with him on his dates I stood behind his shoulder between him and his date.
He always bought flowers and candy for his dates every date he ever had but he bought me candy and flowers too everytime.
We were cruising one Saturday night and again I was standing behind his shoulder and he took a corner to fast the passenger door came open and I fell out of the car, I have so many many memories.
I love you Bubba*
